

Yuzhong Liu

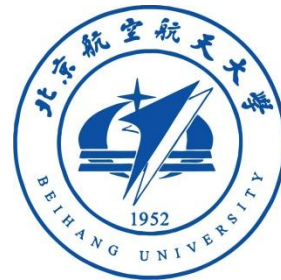

Digital China Certified Network Engineer
MIIT Network Application Engineer
OSTA Network Engineer

Residence - Dawu, Hubei, China

Tel - +086 15727390788

Mail - yzliu@buaa.edu.cn
finlaylyz@gmail.com

Homepage - finlayliu.com

Education

Sept.2015 - Now M.S. of Computer Science, NLSDE, Beihang University

Sept.2011 - June.2015 B.S. of Software engineering, School of computer science, Yangtze University

Publication

2014.10 **Liu, Yu Zhong**, et al. "A Multi-Weights Ant Colony Algorithm for Solving Optimal Path in Tourism." *Advanced Materials Research*. Vol. 998. 2014. (EI,ISTP)

2014.12 **Liu, Yu Zhong**, and Hua Ping Yu. "A Dynamic Edge Exchanged Ant Colony Algorithm for TSP Problem." *Applied Mechanics and Materials*. Vol. 687. 2014. (EI,ISTP)

Research

Sept.2013 - June.2015 A novel multithreading optimization ant colony algorithm for shortest path
College Students' Innovative Entrepreneurial Training Project of Yangtze University
(Grant No. 2013016), Project principal

Ability

Language Master C/C++,C#, Matlab and Bash. Familiar with Java, C++ ,PHP

Tool Android, Linux, OpenCV

GitHub <https://github.com/finlay-liu>

Award

2014 **6th National Computer Simulation, First Prize**

English

CET 6, has the ability to read and write English literature, use informal English to communicate.
